consoleconnect

Console Connect
for media

We understand the requirements for broadcasting and media distribution are becoming more complex, while quality and speed remain paramount.

Console Connect's media delivery solutions are specially designed to make it easier and more simple for you to run your global media and broadcasting business:

- Manage all your live events coverage and content distribution needs through our self-service portals.
- Access a best-in-class Global TV Network that ensures the highest quality video transmission for your global audience.
- Take greater control of your cloud workflows and reach a global media and broadcast community.
- Optimise cost and performance with your file transfer workflows.

Our hybrid solutions run on fibre, satellite, IP and cloud networks, bringing together the performance, security and flexibility that you need to run your media and broadcasting business.
